

2nd October 2001

Dear Sir,

Please remove the block diagrams for the following LGC Wireless products from the FCC web site. The FCC ID's and Confirmation Numbers follow;

FCCID: NOOUNS-CELL-1 Confirmation Number: TC101871
FCCID: NOOUNS-PCS-1 Confirmation Number: TC101855

Although block diagrams were not originally requested as confidential, LGC Wireless has subsequently identified these items as containing details that are proprietary to LGC Wireless. We therefore request that they be removed from the public area of the FCC website.

I thank you in advance for your help.

Regards,

Harry Ward
EMC & Radio Manager
