

General Information

The following report has been generated for IC Certification of Calamp Wireless Networks Corporation Model 140-5096-500, 900 MHz Transceiver. Unless otherwise noted, all of the measurements were conducted following the procedures set forth in the TIA/EIA-603-C standards.

Trade Name:	Guardian
Model Number:	140-5096-500
Manufacturer:	Calamp Wireless Networks Corporation Waseca, MN 56093
FCC ID Number:	NP4-5096-500
FCC Rules and Regulations:	Parts 22, 24, 90, 101
Frequency Range:	928-960 MHz
Serial Number (s):	Pilot #1
Transmitter:	
Type of Emissions:	9K55F1D 9K35F1D 11K6F1D 14K6F1D 16K4F1D
Maximum Power Ratings:	10 Watts
Number of Channels:	8
Input Impedance:	50 Ohms, Nominal
Voltage Requirement:	10-30 Vdc
