DATARADIO®

Request for Confidentiality (*Revised*)

Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

September 29, 2000

We request the following information from our Certification application for the Integra-H be kept confidential pursuant to 47 CFR 0.459. The Integra-H is a Frequency Hopping Spread Spectrum transceiver operating under parts 15.247 and will be identified by FCC ID: NP42424099-001.

1) Circuit Schematics

Attachment entitled: RF Schematics
Attachment entitled: Modem Schematics

2) Pseudorandom Frequency Hopping Sequence
Equal Hopping Frequency Use / System Receiver Hopping Capability

Attachment entitled: Hopping Description

This request is based on the fact that these are proprietary trade secrets of Dataradio. Dataradio does not make this information available to the public. Releasing this information gives competitors an unfair advantage of our proprietary research and development efforts.

Sincerely,

Mark Christensen
Director of Engineering
