

Exhibit 12: Operational Description**15.203 Antenna Requirements**

The 900 SS Direct can be installed with the three different types of antennas listed below:

<u>Antenna Type</u>	<u>Model</u>	<u>Antenna Gain</u>
Centurion Dipole	CAF28715	2.15 dBi
Comtelco Yagi	Y2283A-66	6 dBi
Maxrad Omni	MFB9155	5 dBi

The 900 SS Direct uses a reverse polarity TNC connector (see page 3 of users manual in Exhibit 8) and is professionally installed with the antennas listed above; therefore, it meets the requirements of this section.
