RE: warning statement in manual of 'Mach Voice Link Bluetooth Subsystem (BT2)'
model **ULF**, FCC-ID: **NT8-14B4093KAFSW2** and
model **MULF**, FCC-ID: **NT8-14B4094KAFSW2**

To Whom It May Concern:

As formally appointed representative for the company Visteon (see electronic document ***H_ffc_confidentiality_request.pdf***), we declare:

A: the new 'Mach Voice Link Bluetooth Subsystem (BT2)' is functionally identical to the previously granted 'Mach Voice Link Bluetooth Subsystem'

B: As the devices are identical the same manual will be provided with the new devices

Therefor the declaration on the addition of the FCC warning text, as done by Visteon in electronic document ***Q_ffc_warning_statement.pdf***, remains accurate and valid.

Do not hesitate to contact me if you have any additional questions.

Best Regards,

A handwritten signature in black ink, appearing to be 'Peter de Wit', written over a faint circular stamp or watermark.

Peter de Wit,
Approvals Manager.
