RE: Visteon Corporation

FCC ID: NT8-315BUSTR

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The EUT appears to include a daughter board. Please provide internal photographs of this board as well.
- 2) On the RSP form, one model includes a lower case k. Is this intentional?
- 3) Please explain the difference between the 3 models covered in this application.

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
