## Generalities

Customer: Harley Davidson Motor Co., Inc.

Model Name: HARLEYIFCU

Product Name: INFOTAINMENT CONTROL UNIT

Brand Name: VISTEON

Manufacturer: VISTEON CORPORATION

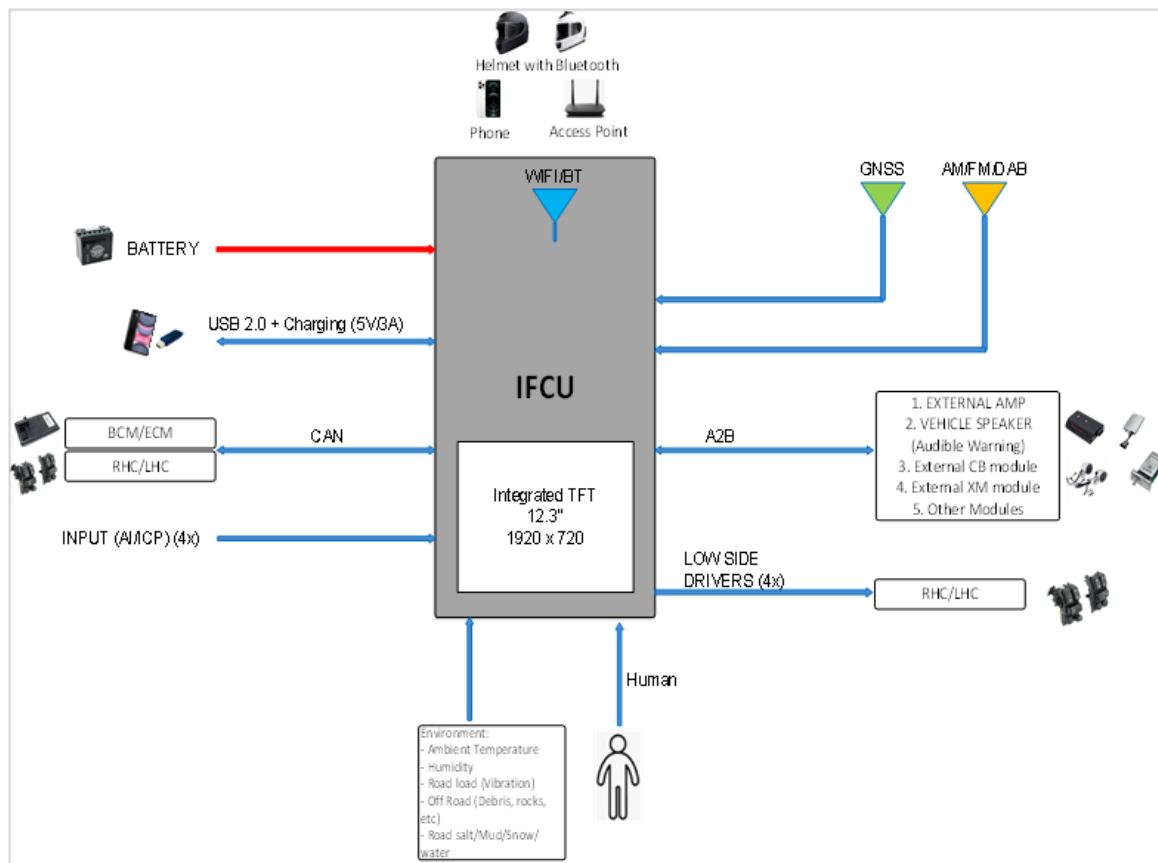

Manufacturer Address: ONE VILLAGE CENTER DRIVE. VAN BUREN TOWNSHIP 48111 MI USA.

Country of Origin: Mexico

## Product Overview

Motorcycle cockpit domain controller, called Infotainment Front Control Unit (IFCU) of 12.3 inch

## System Interaction

## Mounting Diagram

## Conditions and methods of Storage and Transportation

The storage temperature range shall be -40 to 105 degrees C.

## Equipment Repair Requirements

No Hardware repairs are permitted, Instrument clusters will be out of warranty if opened.

The fuse to be used with this product must be 10A.

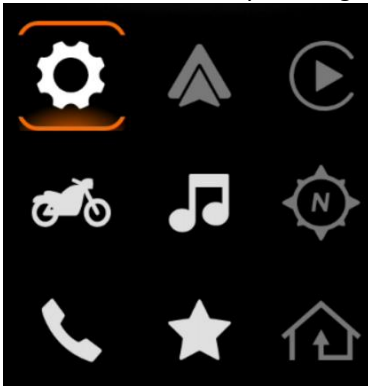

Recommended Fuse – 10A fuse 72462-00 (LITTLEFUSE PN 297010)

## Disposal methods

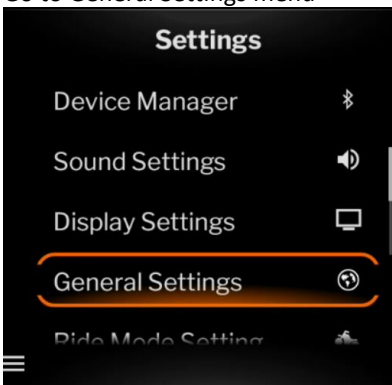

In case of permanent mal-function, IFCU needs to be replaced by service center. IFCU would directly go to scrap yard.

## Instructions to Access Electronic Label

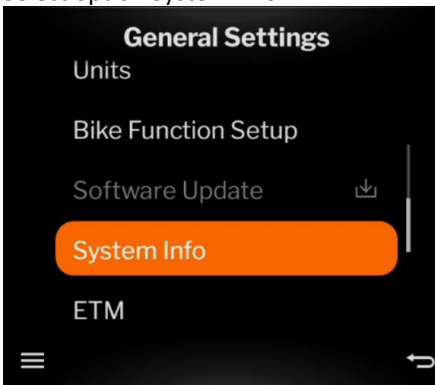

1. To review the conformity marking on the product, you must click on settings

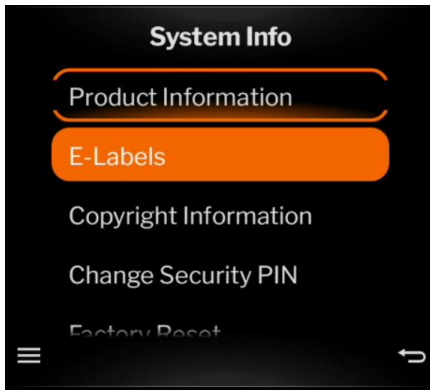

2. Go to General Settings menu

3. Select option System Info

4. Select "E-Labels"

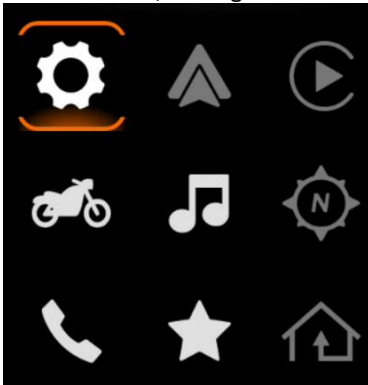

5. E-Labels will be displayed, scroll down

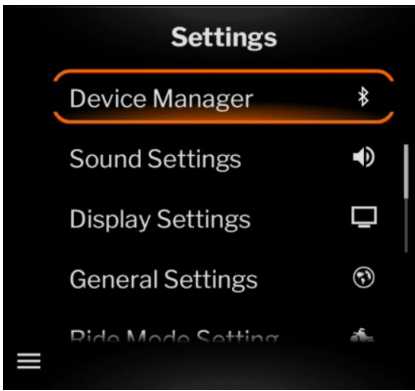

## BT Configuration

### *Phone BT configuration*

1. Click on Menu/Settings

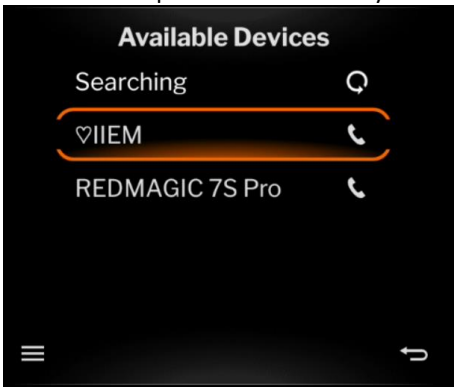

2. Click on Device Manager menu, with the BT logo

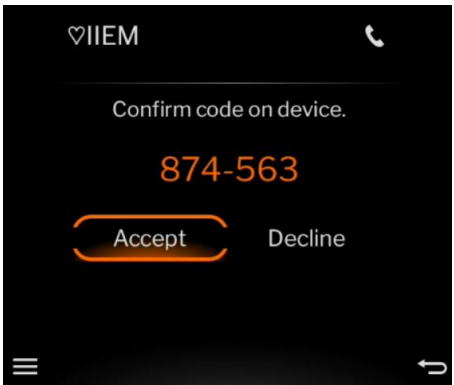

3. Assure the BT is ON and Click on “Add new”

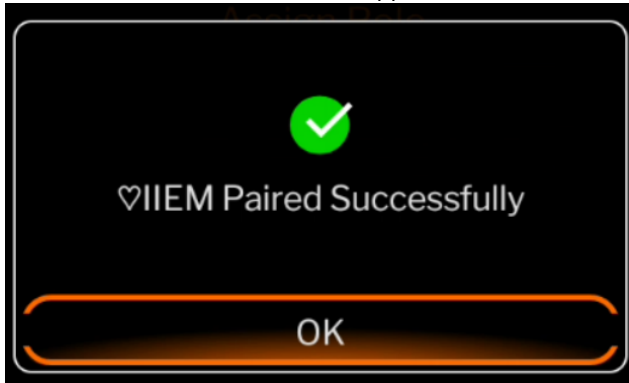

4. Wait for a couple of minutes until you device has been identified and select it.

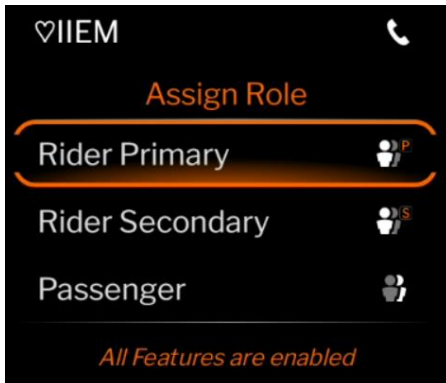

5. Corroborate the code on the IFCU and on your phone and click “accept” on both devices

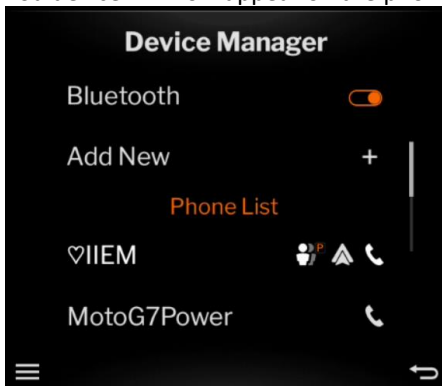

6. Corroboration of connection will appear

7. Corroboration on role of the device connected will be requested.

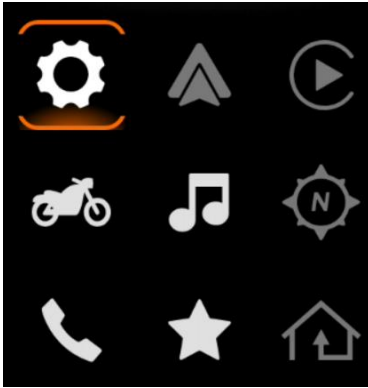

8. You device will now appear on the phones list

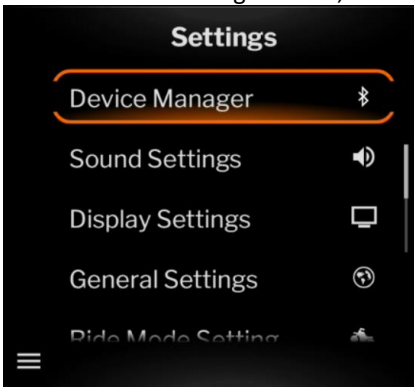

### *BT Headset Configuration*

9. Click on Menu/Settings

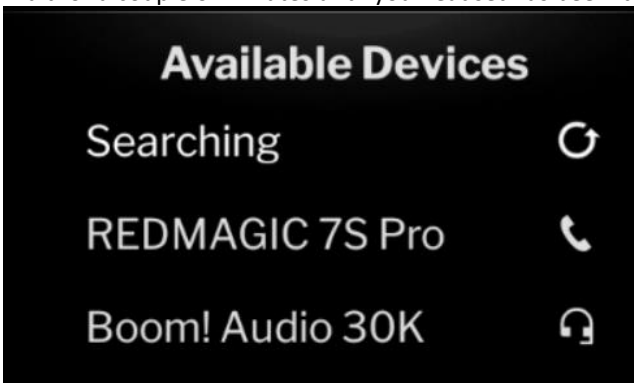

10. Click on Device Manager menu, with the BT logo

11. Assure the BT is ON and Click on "Add new"

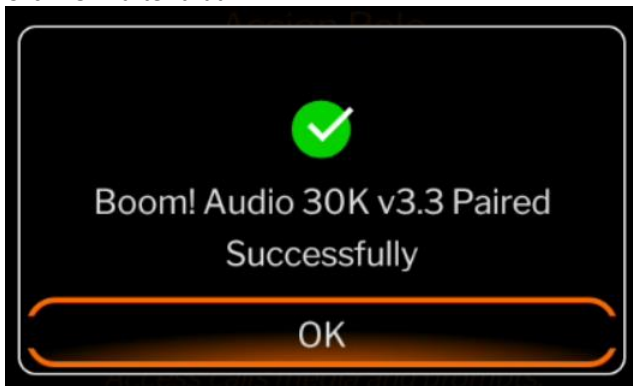

12. Wait for a couple of minutes until you headset has been identified and select it.

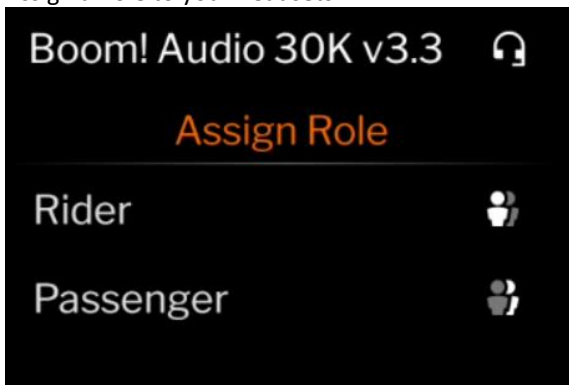

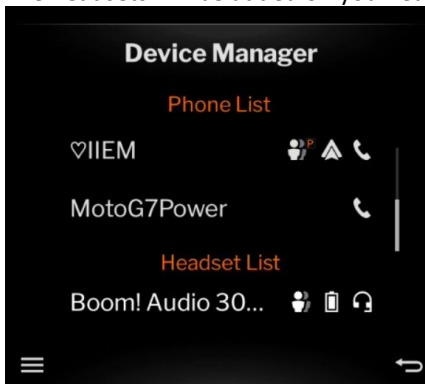

13. Click "OK" after that

14. Assign a Role to your headsets

15. The headsets will be added on you headsets list

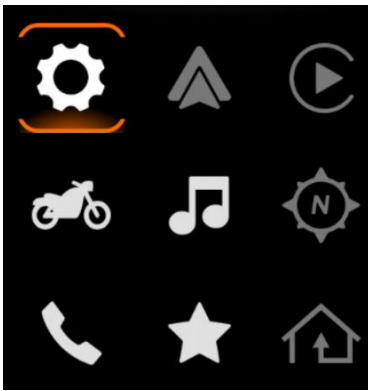

## WiFi Configuration

### *Countries with ONLY 2.4 GHz Band*

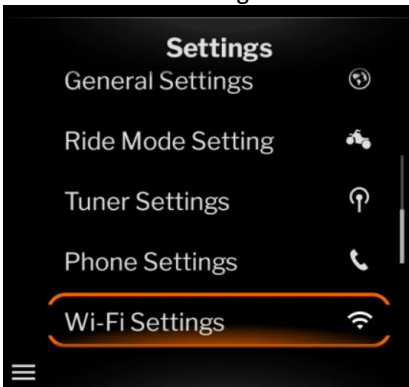

\*\*\* Access point configuration will not be allowed

#### Station Mode

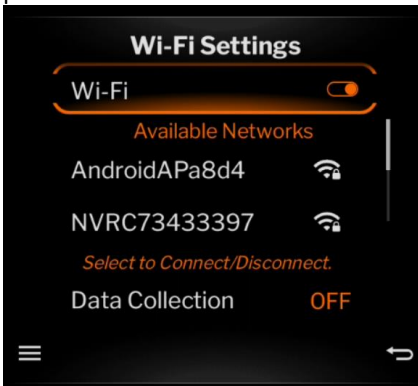

1. Click on Menu/Settings

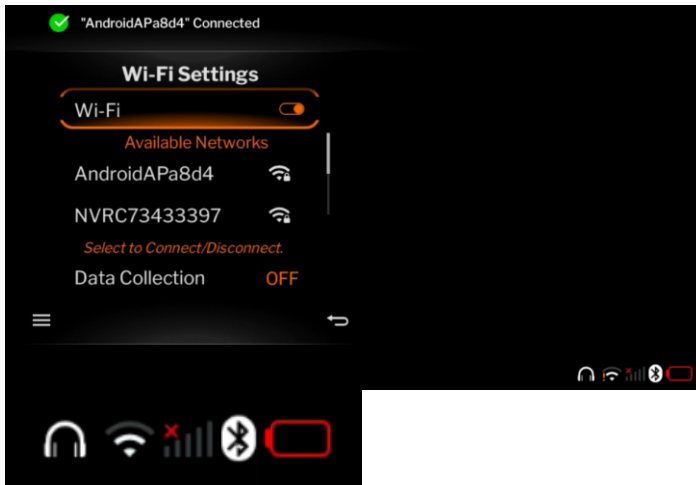

2. Click on “WiFi” settings

3. Look for the WiFi network you want to connect and select it, you will only see 2.4GHz networks and enter the password

4. Connection will be done and the WiFi logo will change on the bottom right.

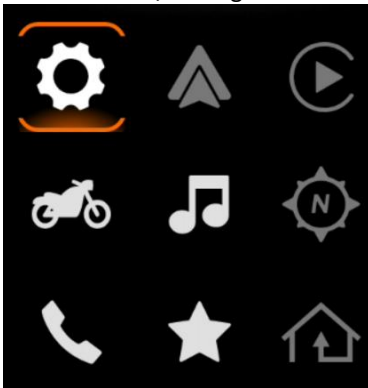

## Countries with 2.4 GHz and 5GHzBand or 5GHz ONLY

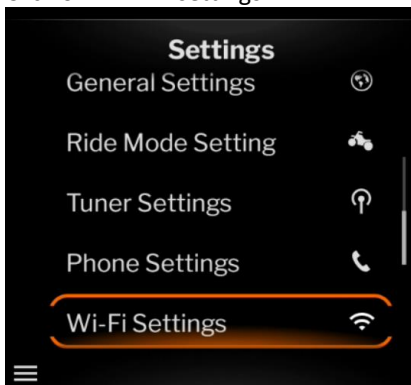

\*\*\*\* In countries with 2.4GHz and 5GHz, connection will be allowed ONLY for 5GHz

### Station Mode

1. Click on Menu/Settings

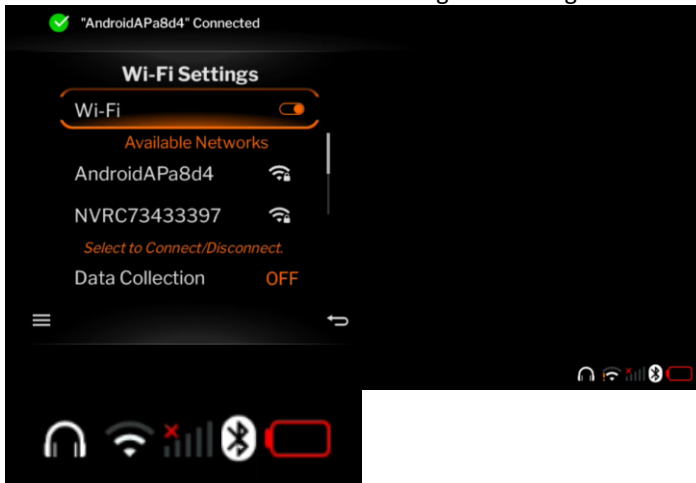

2. Click on "WiFi" settings

3. Look for the WiFi network you want to connect and select it, you will only see 5 GHz networks and enter the password

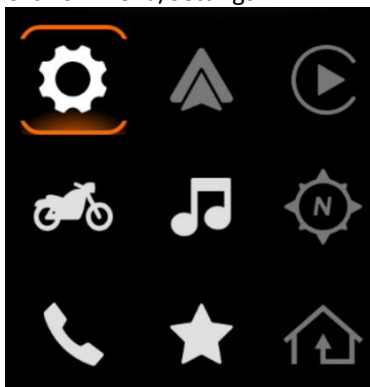

4. Connection will be done and the WiFi logo will change on the bottom right.

## Access Point

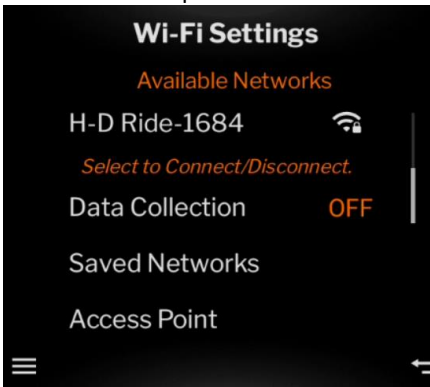

1. Click on Menu/Settings

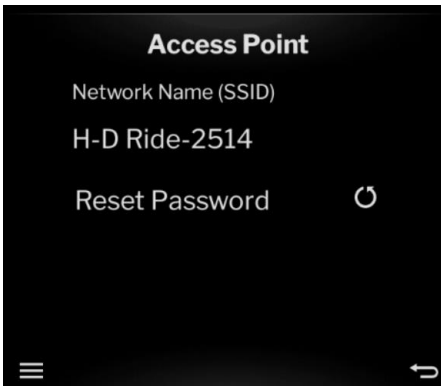

2. Click on "WiFi" settings

3. Click on "Access point"

4. Look on the device you want to connect the network that appears on the display and enter the password, you will be connected after that.

## Compliance Marking

### FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) The device must accept any interference received, including interference that may cause undesired operation.

*Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.*

### **RF exposure safety**

*This device complies with the FCC RF exposure limits and has been evaluated in compliance with **mobile** exposure conditions.*

*The equipment must be installed and operated and was evaluated with minimum distance of **40cm** of the human body. This distance or greater is maintained by vehicle design and ensures compliance by normal use of the vehicle.*

*This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:*

*—Reorient or relocate the receiving antenna.*

*—Increase the separation between the equipment and receiver.*

*—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.*

*—Consult the dealer or an experienced radio/TV technician for help.*

## **ISED**

This device complies with Industry Canada License-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) The device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et,
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

*Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.*

### **RF exposure safety**

*This device complies with ISED RF exposure limits and has been evaluated in compliance with **mobile** exposure conditions. The equipment must be installed and operated and was evaluated with minimum distance of **40cm** of the human body. This distance or greater is maintained by vehicle design and ensures compliance by normal use of the vehicle.*

### **CAN ICES-003**

*Les changements ou modifications non expressément approuvés par la partie responsable de la conformité peuvent annuler le droit de l'utilisateur à utiliser l'équipement.*

### **Sécurité d'exposition aux RF**

*Cet appareil est conforme aux limites d'exposition RF d'ISED et a été évalué conformément aux conditions d'exposition **mobile**. L'équipement doit être installé et utilisé à une distance minimale de **40cm** du corps humain. Cette distance ou plus est maintenue par la conception du véhicule et garantit la conformité par une utilisation normale du véhicule.*

### **CAN NMB-003**

*Cet appareil numérique de classe B est conforme à la norme canadienne NMB-003.*

Customer Information

## Declaration of Conformity
