Re: FCC ID:NT9PICOCOCKPIT; Confirmation #: EA95432

To Whom It May Concern:

A application for Type Acceptance under Part 95 was electronically submitted for the above-referenced FCC ID and Confirmation Number on Friday, September 20, 1999.

An incorrect product description was used (DSC Part 15). The correct description (Part 95) is "Family Radio Base Transmitter" with the code "FRB". I have submitted a hand-typed 159 form to Pittsburgh with the correct fee code, EFT, and payment of \$475.00.

The unit is a R/C Transmitter for control of a model aircraft.

Should you have any questions or concerns regarding these matters, please do not hesitate to contact me.

Sincerely,

Ann S. Miller
