

## **SETUP PHOTOGRAPHS**

This document contains 7 photographs

**Photograph No.1**  
**Setup for carrier field strength and spurious measurements at the OATS**

**Photograph No.2**  
**Setup for substitution ERP measurements at the OATS**

**Photograph No.3**  
**Setup for spurious emission measurements in the anechoic chamber below 30 MHz**

**Photograph No.4**  
**Setup for radiated emission measurements in the anechoic chamber from 30 to 1000 MHz**

**Photograph No.5**  
**Setup for substitution ERP measurements of spurious at the OATS above 1000 MHz**

**Photograph No.6**  
**Setup for frequency stability measurements**

**Photograph No.7**  
**Setup for frequency stability measurements**
