Subject: **Antenna change in FCC ID: NTAWB2**

This is to certify that following change in the product FCC ID NTAWB2 submitted for the test and permissive change approval was performed: the original integral antenna was redesigned and a new antenna design is introduced.

Following were the reasons for the antenna redesign:

1. Improvement of the antenna design to provide more omnidirectional pattern
2. To enable special filling of the antenna space with sealing substance to improve overall sealing features of the product

No other changes were done in the product.

Best Regards,
