

SETUP PHOTOGRAPHS

This document contains 8 photographs

Photograph No.1
Setup for spurious emission measurements in the anechoic chamber below 30 MHz

EUT in case profile #1

EUT in case profile #2

Photograph No.2
Setup for carrier field strength, power spectral density, OBW and spurious emission measurements
in the anechoic chamber from 30 to 1000 MHz

EUT in case profile #1

EUT in case profile #2

Photograph No.3
Setup for spurious emission measurements in the anechoic chamber above 1000 MHz

EUT in case profile #1

EUT in case profile #2

Photograph No.4
Setup for spurious emission measurements in the anechoic chamber, EUT close view

EUT in case profile #1

EUT in case profile #2
