

Field strength of fundamental. Measurements test setup

Field strength of fundamental.

Type of pit: plastic with plastic cover with plastic lid

Type of soil: sand

Field strength of fundamental.

Type of pit: plastic with plastic cover without lid

Type of soil: red

Field strength of fundamental.

Type of pit: plastic with plastic cover with lid

Type of soil: red

Field strength of fundamental.

Type of pit: plastic with plastic cover without lid

Type of soil: black

Field strength of fundamental.

Type of pit: plastic with plastic cover with plastic lid

Type of soil: black

Field strength of fundamental.

Type of pit: concrete with concrete cover with metal lid
Type of soil: black

Field strength of fundamental.

Type of pit: concrete with concrete cover with metal lid

Type of soil: red

Field strength of fundamental.

Type of pit: metal

Type of soil: black

Field strength of fundamental.

Type of pit: metal

Type of soil: sand

Field strength of fundamental. (without adhesive sticker)

Type of pit: metal

Type of soil: red

Field strength of fundamental. General view
