RE: Robertshaw Controls Company  
FCC ID: NU9TX0669-0100

Attention: Tim Johnson  
US Technologies, Inc.

Tim,

I have done a bit of detective work on the web on this Axonn Corporation daughterboard, and have generally satisfied my concerns on processing gain. But my poking around did raise one new question I would like answered:

- 1.) The power output rating requested on the Grant is 63mW. The power rating on the Axonn transceiver (unless I am mistaken) is 100mW. Please resolve.

Regards,

William H. Graff  
Examining Engineer  
President and Director of Engineering
