RE: Brady Worldwide, Inc

FCC ID: NUC-IPSERIES

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) FYI...We are still waiting for information from the FCC for
379.68 & 406.8 MHz (page 8) appears over the Class B levels. We are confirming the acceptance of these emissions to Class A levels with the FCC. We will keep you posted if there is any concern from the FCC.
Please see attached FCC Inquiry.
- 2) For IC, the model number listed on the IC REL must list the device as labeled. Currently the model number on the IC form does not have an additional C which appears on the label. Please explain which is correct and correct the affected exhibits.

Timothy R. Johnson
Examining Engineer
