Brea, CA 92823

Gentlemen:

This is a letter to request a change in ID for the original product: FCC ID: NUL-926, Grant Date: 9/24/2013 Model Number: 926 to FCC ID: NUL-GED1600 Model Number: GED1600.

These are identical devices other than the change in ID and Model Name. Additional model, FCC, and IC numbers are being requested due to a geographical marketing plan that requires multiple model numbers of electrically identical product. Existing product shipped to the US bears the "Kwikset" brand, while those shipped to Canada may bear the "Weiser" brand. Because multiple model numbers are needed for logistical supply chain purposes, we also created additional FCC and IC compliance numbers and labels for each model. We are requesting those specific numbers be added to our FCC listing for the product.

If you have any further questions or need additional information, please feel free to give me a call at 949-672-4400.

Sincerely,

Michael Maridakis
