RE: FCC Class II Permissive Change for FCC ID: NUL450202ZIG

Dear CETCB,

We would like to request a Class II permissive change for FCC ID: NUL450202ZIG.

Major changes filed under this application are:

1. Add an additional host, the 914 Convert , to the limited modular approval

The changes made do not affect RF parameters such as output power, frequencies and modulations supported.

If you have any questions, please contact me for assistance.

Sincerely,

Thuan Nguyen
Senior Electronics Engineer
