Subject: **Certification Request**

Applicant: Aearo Company, Indianapolis, IN 46268-0940  
Product: Transceiver/2-way radio  
Model: Peltor PowerCom plus II  
FCC ID: NUV MT534720  
I.C. ID: 4406A-MT534720

This is a request for certification.

The device is a hearing protection with a built in 2-way fm radio transceiver, operating in the UHF band 450-470 MHz. It is intended to be used in a noisy environment where 2-way communication is required.

All parts of the transceiver circuits are contained within the hearing protection cups.

Best Regards

A handwritten signature in black ink, appearing to read "Lars Carlborg".
