Attention: Application Examiner

RE: Request for Confidentiality  
Applicant: Westell, Inc.  
FCC ID: NVRBDA510-S8

To Whom It May Concern:

Request is hereby submitted by Westell, Inc. to withhold temporarily from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) of the FCC Rules.

Pursuant to DA04-1705 June 15, 2004 of the Commission's public notice, we require temporary confidential treatment of information accompanying this application as outlined below:

| <b>Exhibit Type</b> | <b>File Name</b>        |
|---------------------|-------------------------|
| Internal Photos     | NVRBDA510-S8 IntPho.pdf |

Temporary confidentiality from public disclosure for a term of 180 days or until the product is placed on the market is requested. This is important for Westell, Inc., from a commercial perspective. It enables the company to complete its development and regulatory efforts prior to introducing the product to the marketplace. Releasing information on the product via the FCC website prior to formal market introduction can be confusing to our customers and places the company at a competitive disadvantage.

Sincerely,
