NVRCSI310-03

**Additional Information for 731 Form**

When completing the 731 Form, I entered only one of the two frequency ranges applicable to the amplifier.  
Please modify Item 12 of the 731 Form to read as follows:

Frequency Range in MHz	Rated RF power output in watts
Uplink 806-821	.378
Downlink 851-866	.300

Thank you,
