Subject: Application for Type Acceptance of Transmitter with FCC ID: NWJ10A007A

Gentlemen:

Matsushita Mobile Communications Development Corporation of U.S.A. in Suwanee, Ga., herein submits application for type acceptance of the subject transmitter.

This transmitter is intended for use in a dual mode – dual band cellular telephone application with capabilities for clear communications with a maximum transmit power of 27.2 dBm (Variable Power) down to as low as 0.16 mWatts in TDMA 800 MHz mode, 22.4 dBm down to as low as 4.8 mWatts in AMPS 800 MHz mode, and 26.7 dBm down to as low as 0.17 mWatts in PCS TDMA 1900 MHz mode.

The subject transmitter complies with Section 90.203 of the rules in that the operator cannot directly program transmit frequencies using only the unit's normally accessible external controls.

Enclosed is a complete Type Acceptance Application. Contact me (770) 338-6270 if you require any additional information.

Best Regards,

Pieter C. Seidel

Subject: REQUEST FOR CONFIDENTIALITY

Pursuant to sections 0.457 (d) (1) (ii) and 0.459 of the commission's rules, the applicant hereby requests confidential treatment of some of the information accompanying this application for FCC ID: NWJ10A007A as outlined below:

- Block Diagram
- Schematics
- Theory of operation and circuit descriptions

This information contains trade secrets and proprietary information not customarily released to the public. The public disclosure of this information might be harmful to the applicant and provide unjust benefits to its competitors.

The applicant understands that pursuant to rule 0.457d, disclosure of this application and all accompanying documentation will not be made before the date of the grant for this application.
