The control panel of a 30KVA UPS unit. It features a red emergency stop button on the left, a green LCD display in the center, and a row of six function buttons: "SELECT", "UP", "DOWN", "ALARM RESET", "ALARM SILENCE", and "ESCAPE". Below the buttons are small icons for left, up, and down arrows, a power symbol, and a "FUSE" label. The text "30KVA" is printed in large white characters at the bottom of the panel.
