Version 8

Battery Care

The product requires 3x AA batteries to function (called #5 battery in China or LR6 in some countries). Use new batteries to obtain best performance.

- Please ensure that the power button located next to the battery compartment is switch off.
- Open the battery compartment cover by loosening the screws with a screwdriver.
- Insert 3 AA batteries in the battery compartment with correct polarity.
- Close and secure battery compartment and switch on.

Warning: Always remove batteries from the product when it is not in use for a long period of time. Risk of explosion if battery is replaced with an incorrect type.

- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed before being recharged.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Ensure that batteries are inserted with correct polarity.
- Exhausted batteries are to be removed from the Mini.
- The supply terminals are not to be short-circuited.

Bluetooth Pairing

Before you begin with the learning experience with your child, please ensure that you pair the Mini via Bluetooth with your iPad.

Please note that Bluetooth uses a lot of your iPad battery power. Be sure to turn off Bluetooth when you are not using it to conserve battery power.

For iOS 6.x or higher:

Switch on the power on your My Learn Mini, on your iPad, go to Settings > Bluetooth > toggle switch to “On”. Select My Learn Mini from the Devices list.

For iOS 5.x or lower:

Switch on the power on your My Learn Mini, on your iPad, go to Settings > General > Bluetooth > toggle switch to “On”. Select My Learn Mini from the Devices list.

ML Mini App Download

Upon successfully pairing your product with your device for the first time, you will be prompted to download the **Free** ML Mini App. Tap Yes to connect to the iTunes Store and download the App.

Alternatively you can download the ML Mini App manually through the App Store or entering the following URL on your internet browser <https://itunes.apple.com/us/app/ml-mini/id580416550?mt=8>

ML Mini

Troubleshooting

App Issues

ML Mini App doesn't seem to be launching after I download it from the App Store.

- Delete the App completely from your iPad and from your iTunes and re-download the App.

ML Mini App is not responsive.

- Please turn off the Mini and completely exit your App by double clicking your Home Button > click and hold ML Mini App till it jiggles > press the minus button > restart the App > turn on the Mini and relaunch the app and try again.

If you recently restored the software on your iPad, you may need to re-download your ML Mini App from the App Store.

My Learn Mini Quick Guide

There are 3 categories on the My Learn Mini with interactive buttons for each of the categories. Press any of buttons representing the category to explore.

LED Light Indicator:

Blue Light - fades in and out - iPad is not connected.

Blue Light - remains constant if connected.

Yellow Light - blinks, indicates low battery.

Yellow Light - remains constant, firmware requires upgrade.

Red Light - replace with new or fresh batteries.

Conditions of Sale and Product Warranty

d-Red and the Buyer agree to the following terms and conditions of Sale and Purchase:

1. The My Learn Mini is guaranteed against defects in materials or workmanship for a period of six months from the date of registered purchase. Any unit that is found to be defective will, at the discretion of d-Red, be repaired or replaced. This warranty does not cover cosmetic damage or damage due to acts of God, accident, misuse, abuse, negligence, commercial use, or modification of or to any part of the product.
2. d-Red will not be responsible for the repair or replacement of any unit damaged by user modification, negligence, abuse, improper installation, or mishandling.
3. d-Red is not responsible to the Buyer for any loss or claim of special or consequential damages arising from the use of the product. The product must NOT be used in applications where failure of the product could lead to physical harm or loss of human life. Buyer is responsible to conduct their own tests to meet the safety regulation of their respective industry.
4. Products distributed, but not manufactured by d-Red, carry the full original manufacturers warranty. Such products include, but are not limited to: power supplies, sensors, I/O modules.
5. d-Red reserves the right to alter any feature or specification at any time. This warranty is limited to the original purchaser and is not transferable.

All rights reserved and copyright-protected. No parts of this manual may be copied or reproduced in any form without written consent from d-Red Technologies Limited (d-Red).

d-Red shall not be liable for omissions or for technical or editorial errors contained in this user manual. d-Red shall not be held liable for incidental or consequential damages resulting from the supplying or use of this information. d-Red shall not be held liable for incidental or consequential damages resulting from the performance or use of the materials described in this user manual.

Notes to Buyer: If you disagree with any of the above terms or conditions you should promptly return the unit in new and unused condition to the manufacturer or distributor within 30 days from date of purchase for a full refund.

Disclaimer and Copyright Notice

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications made to this equipment not expressly approved by d-Red Technologies Limited may void the FCC authorization to operate this equipment.

Disclaimer and Copyright Notice

Caution!

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user authority to operate the equipment.
