## Foreword

At d-Red, we recognize that you are your child's most important teacher. Our goal is to help you build an environment for your child that is rich in experience — one that encourages discovery and fosters learning success.

As children grow, they are ready for more complex challenges. My Learning Table engages Little Learners with Smart, Interactive Learning and Activities that prepares Little Learners and at the same time, having some fun.

d-Red MyLearn Smart, Fun Series are designed to grow alongside your child through each stage of development. All are made with the same playful spirit that promotes a lifelong passion for learning. For additional information on how to make Learning Smart, Fun and Effective, visit our MyLearn web site [www.mylearntoys.com](http://www.mylearntoys.com).

Keep food and beverages away from product. Do not spill liquid of any kind on this product as it may render it inoperative. Clean with a slightly damp cloth (cold water). Do not use soap, detergent or other chemicals. Never submerge the unit in water. Allow to dry before reuse. Avoid prolonged exposure to extreme temperatures and direct sunlight. Avoid dropping the unit. Never try to dismantle it.

## Cautions & Warnings

Routinely check the product for proper and safe condition. If there is any damage or broken parts, remove product from use.

This product is suitable for ages 3 years and up.

This guide contains important information. Please keep it for future reference.

User Guide - My Learning Table

2

Version 5

## Overview

The early years of a child's life are very important for his or her health and development. And from an early age, children develop at their own pace, so it's impossible to tell exactly when a child will learn a given skill.

My Learning Table was developed and designed with the purpose of aiding the growth and progress of Little Learners gradually at their own pace with the parents playing an active role in supporting their progress at home guiding them towards success as a learner.

The following accessories come together in the box when you purchase:

My Learning Table

4x Leg Extension

User Manual

4x AA Batteries

Product Name: My Learning Table

Model: MLT2012

User Guide - My Learning Table

3

Version 5

## Battery Care

The product requires 4x AA batteries to function (called #5 battery in China or LR6 in some countries). Use new batteries to obtain best performance.

- Please ensure that the power button located next to the battery compartment is switch off.
- Open the battery compartment cover by loosening the screws with a screwdriver.
- Insert 4 AA batteries in the battery compartment with correct polarity.
- Close and secure battery compartment and switch on.

**Warning:** Always remove batteries from the product when it is not in use for a long period of time. Risk of explosion if battery is replaced with an incorrect type.

- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed before being recharged.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Ensure that batteries are inserted with correct polarity.
- Exhausted batteries are to be removed from the Table.
- The supply terminals are not to be short-circuited.

## Table Leg Extension

The product comes with 4 pieces of leg extension to provide additional table height for the child.

- Turn the Table upside-down, ensure that the power is switched off.
- Gently insert one leg at a time, you will hear a gentle click once the leg is in place. To remove, depress the button as illustrated and the leg will detach.
- Please ensure all 4 legs are secured, switch on the power and turn the My Learning Table faceside-up.

## Bluetooth Pairing

**Before you begin with the learning experience with your child, please ensure that you pair the Table via Bluetooth with your iPad.**

Please note that Bluetooth uses a lot of your iPad battery power. Be sure to turn off Bluetooth on your iPad when you are not using it to conserve battery power.

### For iOS 6.x or higher:

Switch on the power on your My Learning Table, on your iPad, go to Settings > Bluetooth > toggle switch to "On". Select My Learning Table from the Devices list.

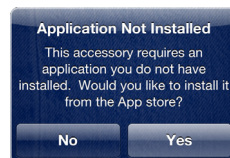

### For iOS 5.x or lower:

Switch on the power on your My Learning Table, on your iPad, go to Settings > General > Bluetooth > toggle switch to "On". Select My Learning Table from the Devices list.

## MyLearn App Download

Upon successfully pairing your product with your device for the first time, you will be prompted to download the Free MyLearn App. Tap Yes to connect to the iTunes Store and download the App.

Alternatively you can download the MyLearn App manually through the App Store or entering the following URL on your internet browser <https://itunes.apple.com/my/app/mylearn/id548215427?mt=8>

MyLearn

## Troubleshooting

### App Issues

**MyLearn App doesn't seem to be launching after I download it from the App Store.**

- Delete the App completely from your iPad and from your iTunes and re-download the App.

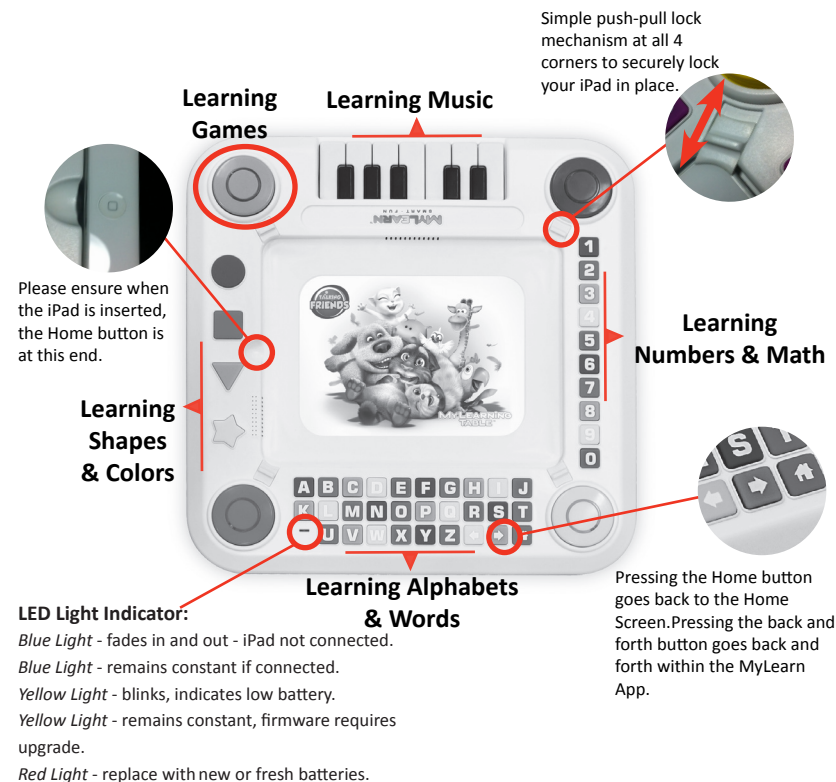

**MyLearn App is not responsive.**

- Please turn off the Table and completely exit your App by double clicking your Home Button > click and hold MyLearn App till it jiggles > press the minus button > restart the App > turn on the table and relaunch the App and try again.

**If you recently restored the software on your iPad, you may need to re-download your MyLearn App from the App Store.**

## Conditions of Sale and Product Warranty

d-Red and the Buyer agree to the following terms and conditions of Sale and Purchase:

1. The My Learning Table is guaranteed against defects in materials or workmanship for a period of six months from the date of registered purchase. Any unit that is found to be defective will, at the discretion of d-Red, be repaired or replaced. This warranty does not cover cosmetic damage or damage due to acts of God, accident, misuse, abuse, negligence, commercial use, or modification of or to any part of the product.
2. d-Red will not be responsible for the repair or replacement of any unit damaged by user modification, negligence, abuse, improper installation, or mishandling.
3. d-Red is not responsible to the Buyer for any loss or claim of special or consequential damages arising from the use of the product. The product must NOT be used in applications where failure of the product could lead to physical harm or loss of human life. Buyer is responsible to conduct their own tests to meet the safety regulation of their respective industry.
4. Products distributed, but not manufactured by d-Red, carry the full original manufacturers warranty. Such products include, but are not limited to: power supplies, sensors, I/O modules.
5. d-Red reserves the right to alter any feature or specification at any time. This warranty is limited to the original purchaser and is not transferable.

All rights reserved and copyright-protected. No parts of this manual may be copied or reproduced in any form without written consent from d-Red Technologies Limited (d-Red).

d-Red shall not be liable for omissions or for technical or editorial errors contained in this user manual. d-Red shall not be held liable for incidental or consequential damages resulting from the supplying or use of this information. d-Red shall not be held liable for incidental or consequential damages resulting from the performance or use of the materials described in this user manual.

**Notes to Buyer:** If you disagree with any of the above terms or conditions you should promptly return the unit in new and unused condition to the manufacturer or distributor within 30 days from date of purchase for a full refund.

## Disclaimer and Copyright Notice

### FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

## Disclaimer and Copyright Notice

### Caution!

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user authority to operate the equipment.
