

## Marking plate and marking plate location

### Label

Size of label: 26.5x37 mm

Because of the small size of the label, the following text is placed in the User Manual:

The following text and graphics has to be added to the product marking for compliance in the US, Canada and Europe:

*“This device complies with part 15 of the FCC rules and RSS-210 of IC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See instructions if interference to radio or television reception is suspected.”*

### Location on PCB
