

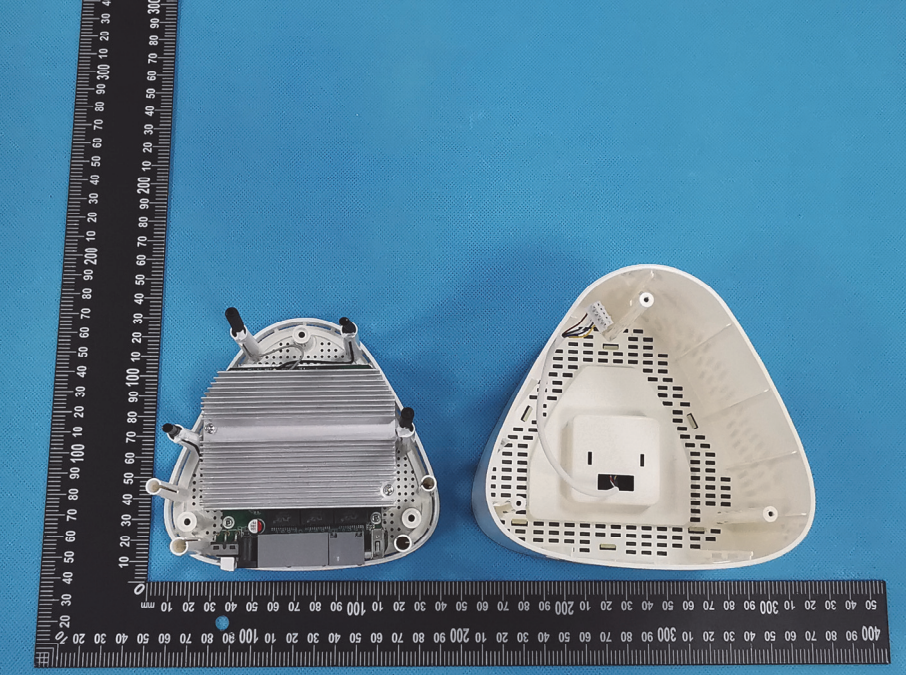

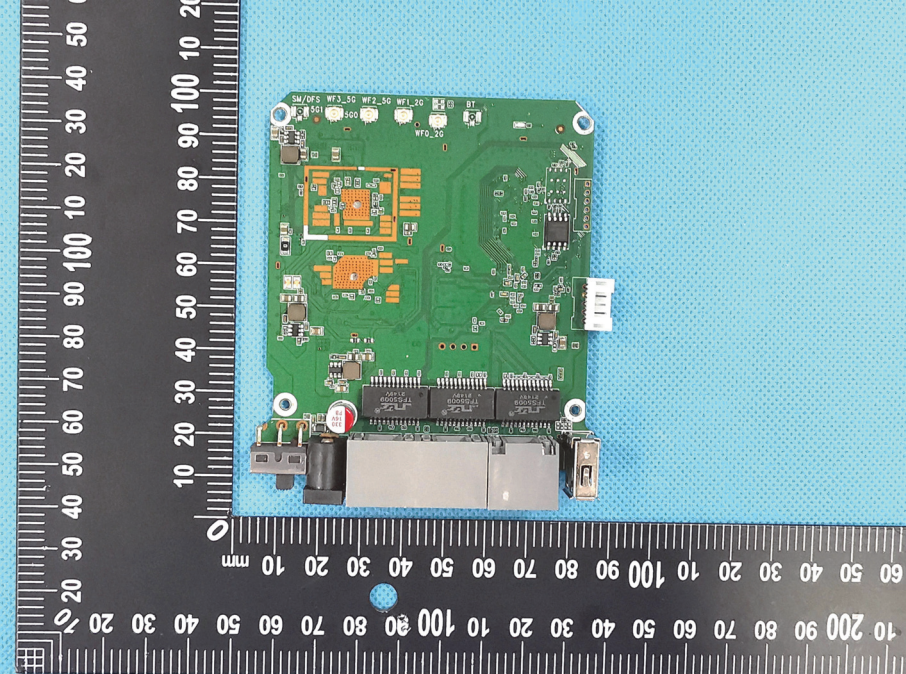

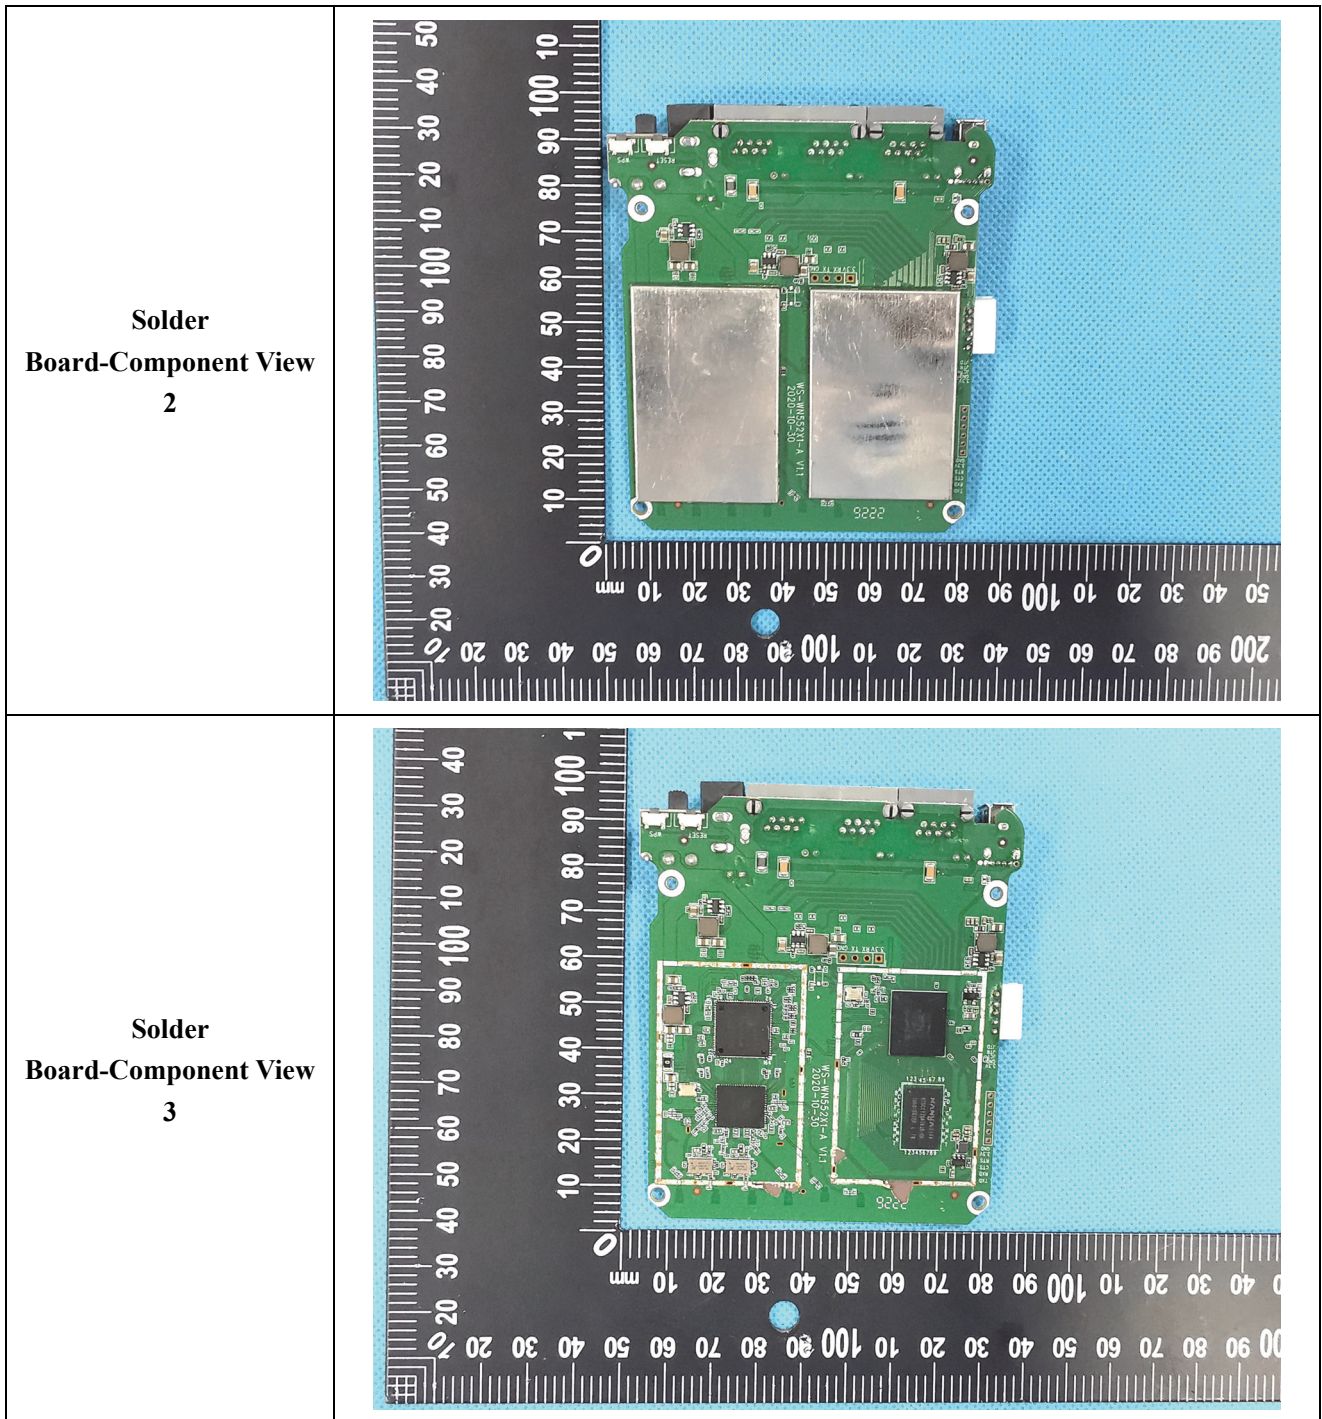

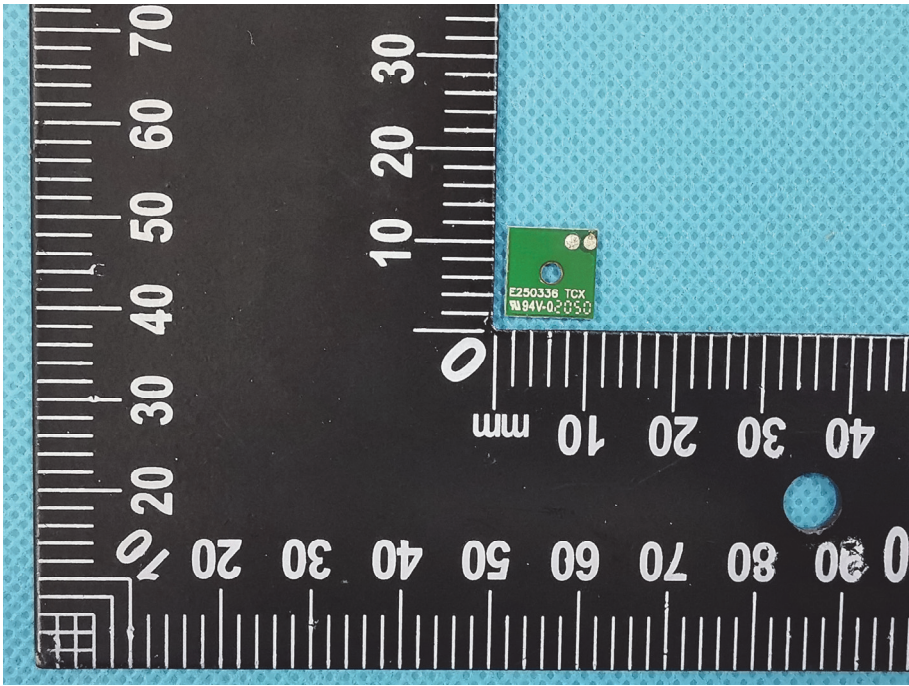

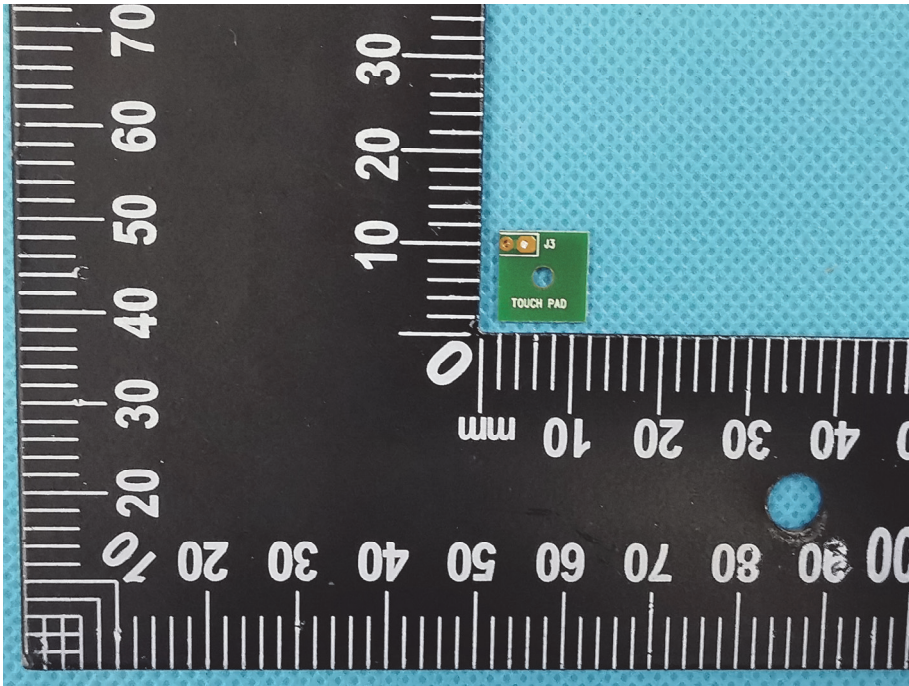

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 <p>This photograph shows the external components of the EUT. On the left is a silver metal heat sink assembly with a printed circuit board (PCB) mounted on top. On the right is a white plastic housing with a perforated pattern. A black ruler is placed vertically on the left and horizontally at the bottom for scale, showing measurements in millimeters.</p>
<p><b>Solder Board-Component View 1</b></p>	 <p>This photograph provides a close-up view of the PCB components. The board is green and populated with various electronic components, including a large black integrated circuit (IC) in the center, several surface-mount components, and a white connector on the right side. A black ruler is placed vertically on the left and horizontally at the bottom for scale, showing measurements in millimeters.</p>

<p style="text-align: center;"><b>Solder Board-Component View 4</b></p>	 <p>A microscopic view of a green component labeled "E250338 TCX 184V-02030" mounted on a blue PCB. The component is positioned at approximately 10 mm on the horizontal scale and 40 mm on the vertical scale. A millimeter scale is visible in the background.</p>
<p style="text-align: center;"><b>Solder Board-Component View 5</b></p>	 <p>A microscopic view of a green component labeled "43 TOUCH PAD" mounted on a blue PCB. The component is positioned at approximately 10 mm on the horizontal scale and 40 mm on the vertical scale. A millimeter scale is visible in the background.</p>
