1 Introduction

This document describes the proper positioning of the external (agency information) label, Tellus P/N 501-0116, on the body of the WIPclip V131C (P/N 501-0000) device.

2 Label Positioning

Figure 1 illustrates the location of a properly positioned and oriented label on a WIPclip V131C device. Approximate overall dimensions of the unit are provided, where relevant, as well as dimension information apropos to the label.
