**Subject: FCC & IC Class II Permissive Change request for collocation consideration.**

This document is a request to apply for FCC & IC Class II Permissive Changes on our RF module previously Granted/Certified under the following ID:

Our module will be integrated in a specific final host equipment in collocation with another Granted / certified Bluetooth Radio module FCC ID: XF6-M15SB / IC: 8407A-M15SB.

As a consequence a new RF exposure calculation has been performed in order to check the compliance with FCC and ISED rules.
