To whom it may concern,

Re: Change of Identification Authorization

The letter grants authorization for representative of Trimble Europe B.V. (Industrieweg 187A, 5683 CC Best, The Netherlands, new applicant) to apply to the FCC for a change in identification (new FCC ID: NZI-PMACS). This authorization applies to Silex Technology, Inc. (original applicant), FCC ID: N6C-PMACS, granted on 8/21/17. The equipment is electrically identical. The only change being the label on the device. The original test results, technical information and relevant documents continue to be representative of and applicable to the changed equipment.

Sincerely,

A handwritten signature in blue ink, appearing to read "Y. Nakai".

Yoshinori Nakai, General Manager
