Re: Request for Confidentiality in Application for Certification of

Gentex Corporation Transmitter under 47CFR 15.231.

FCC ID: NZLACHL3

Gentlemen:

Pursuant to 47CRF 0.459, Gentex Corporation requests that these listed exhibits be held confidential.

Circuit Block Diagrams file names: EXB_Blockdiagram.docf
Theory/Description of Operation,
Schematics file name: EXB_operation.doc
file names: EXB_schematic.pdf

Gentex Corporation has invested considerable resources into developing this product. Having sections of Exhibit B, listed above, available to 'competition' would negate the advantage achieved in developing this product. Since this product type is a major product line for Gentex Corporation, not protecting the details of the design would result in a financial hardship for the company.

The Federal Communications Commission will be notified, in writing, of any changes in the software/programming of the device that could affect the device's RF characteristics.

Your prompt consideration of this application for product certification will be greatly appreciated. Should you have any questions regarding the content of this report, kindly contact me.

Sincerely.

Ted Chaffee,

Technical Lab Manager

Narte Certified Engineer, #EMC-002025-NE
