Application for Certification of Gentex Corporation Transmitter under 47 CFR 15.247.
Model: eSight-01 FCC ID: NZLESIGHT01

To whom it may concern,

Gentex Corporation requests approval for the eSight-01 product, which is a Bluetooth remote control that pairs to a wearable digital vision enhancement device, eSight Go, to control specific functions (volume, viewing modes, menu navigation, etc.). Submitted here are materials for your consideration in determining the original equipment grant for this device.

The FCC ID for this product is NZLESIGHT01. Please issue a grant upon adequate evaluation of our report. In addition, the device operates in the 2.4GHz bands (Bluetooth).

The Federal Communications Commission will be notified, in writing of any changes in the software/programming of this device that could affect its RF characteristics. Please do not hesitate to contact me with any questions you may have regarding this report. As always, we look forward to your timely response.

Sincerely,

A handwritten signature in black ink that reads "Brian R. Miller". The signature is written in a cursive, flowing style.
