Re: Class II Permissive Change to Certification of Gentex Corporation Transmitter under
47CFR 15.231 pursuant to 47CFR 2.1043.

FCC ID: **NZLSTDHL3**

Original Grant Date: **09/10/2001**

Gentlemen:

On behalf of the applicant, Gentex Corporation, please find attached the submittal materials for Class II Permissive Change to the certification of the Universal Garage Door Opener in a Standard Mirror, Model NZLSTDHL3. This application is being made pursuant to FCC rules part 2.1043.

A change in the PCB layout prompted a re-evaluation of the emission profile of the product. The testing showed a degradation in the harmonic emission characteristics reported to the Commission. The attached Exhibits report the changes and demonstrate continued compliance of the product.

A copy of a 'Power of Attorney' is included to demonstrate that AHD has been authorized to provide the service of preparing this application.

The complete List of the Exhibits in this submittal package appears on Page 2 of this cover letter.

Your prompt consideration of this application for product certification will be greatly appreciated. Should you have any questions regarding the content of this report, kindly contact me.

Sincerely,

A handwritten signature in black ink that reads 'Ted Chaffee'.

Ted Chaffee,
