A Smarter Vision®

January 11, 2021

Federal Communication Commission
Equipment Approval Services, P.O. Box 358315
Pittsburgh, PA 15251-5315
Attention: Authorization & Evaluation Division

Application for Certification of Gentex Corporation Transmitter under 47 CFR 15.231 and 15.247.
Model: UAHLCD FCC ID: NZLUAHLCD

To whom it may concern,

Gentex Corporation requests approval for the UAHLCD product, which is a programmable frequency garage door opener and digital device controller to be installed in the automobile rearview mirror. The Gentex model UAHLCD is part of the HomeLink® V series. HomeLink® V devices are capable of learning garage door opener frequencies and codes from the user's original transmitter.

The device is capable of learning in the range between 286MHz and 440MHz excluding forbidden frequency regions. In addition, the device operates at the 902-928Mhz, and 2.402-2.480GHz bands.

Gentex Corporation has invested considerable resources into developing our HomeLink® products. For this reason, we respectfully request that the following items be held as confidential.

- Circuit Block Diagrams
- Parts List
- Theory of Operation
- Schematics
- Tune Up Procedure

The Federal Communications Commission will be notified, in writing of any changes in the software/programming of this device that could affect its RF characteristics. Please do not hesitate to contact me with any questions you may have regarding this report. As always, we look forward to your timely response.

Sincerely,

Brian Miller
Corporate Labs Group Leader – Wireless Regulatory
