**Subject : Re: Audit 2**  
**FCC ID. : O25PF-400NW**

To whom it may concern:

1) What is spacing between back of device and phantom for body-worn SAR, i.e., belt-clip thickness?

Ans) Refer to picture of the next page.

2) FYI at SAR rept pg 17 of 22 Horizontal and Vertical Center Lines as defined held-to-ear handsets in IEEE Std 1528 are not applicable for held-to-face and body-worn configurations.

Ans) Refer to the revised SAR Report.

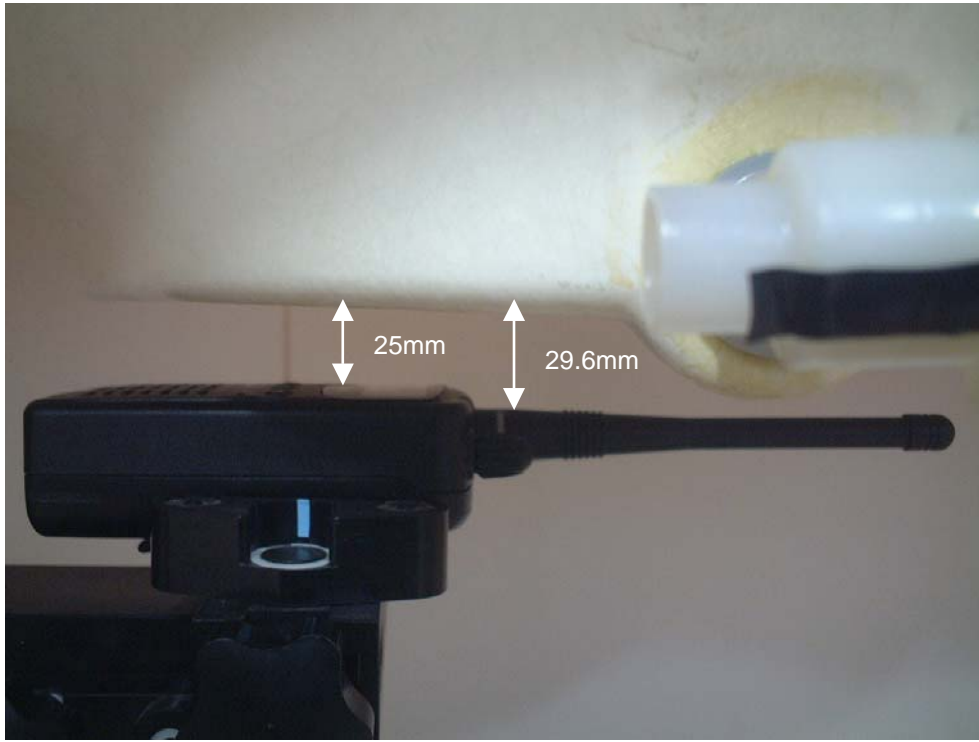

Sincerely,

A handwritten signature in black ink, appearing to read "Hwan-Dae Kim". The signature is fluid and cursive, with a large loop at the end.

---

**Hwan-Dae Kim / Chief Engineer**

**\* Face of O25PF-400NW**

**\* Body worn of O25PF-400NW**
