SUBJECT: Request For Confidentiality

Reference A: FCC ID: O2E-ILR-IM2

To Whom It May Concern:

Further to the device approval identified at Reference A, IDEN TEC SOLUTIONS hereby requests confidentiality pursuant to Section 0.459 of the Commission's rules (CFR 47). IDEN TEC SOLUTIONS requests that the following documents be withheld from public inspection:

1. Schematics
2. Block Diagram
3. Theory of Operation

These exhibits contain IDEN TEC SOLUTIONS' proprietary information, trade secrets, or other confidential information that IDEN TEC SOLUTIONS does not release to the public and which is otherwise not available to the general public. Since this design is a basis from which future technological products will evolve, IDEN TEC SOLUTIONS considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

IDEN TEC SOLUTIONS protects all of its proprietary, intellectual property rights and confidential information by requiring all of its employees and all other recipients of such information to sign confidentiality and non-disclosure agreements prior to receiving such information.

If you have any questions or concerns, please do not hesitate to contact me at (972) 535-4437.

Yours truly,
IDEN TEC SOLUTIONS, INC.
