Dear Sir / Madam

Re: Confidentiality required for FCC ID:02J-STODU-PCS

Airspan Communications Ltd requests that all schematics and block diagrams be held as confidential items per FCC Rule Section 0.459. Specifically the following files:

File Name	Number of pages
schematics 303-1054-100_revD.pdf	9
sch303-1110-100_revA.pdf	46
ST RF block diagram.pdf	1
ST IDU IF block diagram.pdf	1

This requirement is based upon the fact that there is proprietary operational and configuration information contained in the specified items. Release of these items to the general public, and thus to our competitors would be detrimental to our competitive edge.

Yours Sincerely

A handwritten signature in blue ink, appearing to read "Charles Blackham".
