Subject : Letter requesting confidentiality of R900-2 radio modem device FCC Certification application.

Pursuant to CFR 47 Chapter 1 Section 0.459, Research In Motion Limited (RIM) requests that the following identified detailed technical information regarding the R900-2 device be held confidential by the Federal Communication Commission (FCC) and as such be withheld from public inspection.

RIM does not disclose proprietary confidential information about our products to any third parties and as such we request that the FCC does the same and forward the confidentiality acceptance letter to RIM. Our FCC submissions are considered proprietary confidential information.

Pursuant to CFR 47 Chapter 1 Sections 0.457(d) and 0.457(d)(2)(i) the exhibits contain details of trade secrets and technical data that is customarily guarded from competitors and not released to the public by Research In Motion Limited.

The specific parts of the Exhibits indicated in this letter are considered confidential by RIM and as such should be prevented from to public and competitors.

RIM has taken necessary measures to have limited access to confidential documents only to RIM internal employees on a need-to-know basis, and have signed confidentiality agreements with employees.

If the disclosure of such information is made public, it will cause serious competitive harm to RIM.

Previously, none of the requested confidential Exhibits have been disclosed to third parties by RIM.

The following Exhibits with specific sections described, submitted with the Form 731 Attachments should be held confidential:

Exhibit Parts List/Tune Up Info	RIM Radio Calibration Procedure "DOC-01606-007", RIM Radio Calibration Manual "DOC-1606-006". CFR 47 Section 2.983 (d) (9) - Description of operational, test, and device tune-up technical procedure and operators' manual. CFR 47 Section 2.983(d) (10) (11)- Description of Circuitry and Devices provided for: frequency stabilizing circuitry, suppression of spurious radiation, circuits for modulation limiting, and circuits for power limiting
Exhibit Operational Description	CFR 47 Section 2.975 (a) (2) (V) - Description of digital modulation format and necessary bandwidth
Exhibit Parts List/Tune Up Info	CFR 47 Section 2.983 (d) (12) – Modulation generation methods and circuits. Detailed diagrams of modulation format and generation methods and circuits
Exhibit Operational Description	CFR 47 Section 2.975 (a) (3), 2.983 (d) (6) and 2.1033 (b) (4)- System Description and functional description
Exhibit Parts List/Tune Up Info	CFR 47 Section 2.1033 (b) (4)- Detailed technical RF and power circuit description
Exhibit Block Diagram	"R900-2 Radio Modem Block Diagram" CFR 47 Section 2.983 (d) (6)– Detailed technical radio modem block diagram
Exhibit Schematics	"Mobile Portable Radio for Mobitex-900 MHz." Pages 1-13 CFR 47 Section 2.983 (d) (7) - Complete technical schematic circuit diagrams.

Yours truly,

FCC ID: L6AR900-2  
**Subject: FCC Part 90 Certification Application for Research In Motion Limited,  
Model R900-2**

This is to inform that Research In Motion is submitting the technical documentation of our radio modem Model R900-2 (existing FCC ID: L6AR900-2) in support of the application for Certification of our integrator, IVI Checkmate Inc. with FCC ID: 034-ELITE780MX.

The Model R900-2 is a radio modem intended for integration into other equipment to allow wireless data communication.

All required documents in compliance with Parts 2 and 90 of the FCC Rules have been provided in the attached Exhibits.

Research In Motion would like to request confidentiality as indicated in the Form 731, Item 8 and as requested in the letter Ref: DOC-01547-024, under Exhibit "Covering Letters".

Please do not hesitate to call at (519) 888-7465 x 2941 or email at [dattayi@rim.net](mailto:dattayi@rim.net) should you require additional information or have any questions

Yours truly,

*Daoud Attayi*
