Dear Joseph Dichoso:

This is in follow-up to the above referenced message with request for: (1) fee payment and (2) better version schematic diagram. According to my records, I mailed new fee check #0AUUHR00910DC321 in the amount of \$985 to Mellon Bank on 10/19/00 and filed improved schematic diagram on 11/08/00. However, FCC web site indicates you are still waiting for my response.

As five weeks have now passed since I filed my response to the above 2 items, it appears maybe that you are still waiting for some other additional information. Please advise me what other items are you still waiting for an answer. Thank you for your attention and continued cooperation in this matter.

Sincerely yours,

Richard Mullen
