

July 30, 2007

Timco Engineering, Inc.
849 NW State Road 45
P.O. Box 370
Newberry, Florida 32669

Subject: O3JNBS55XXB - Label Location

1. The available label area on the device is limited because it is small and has many contoured surfaces, keypad, LCD display, printer, card readers, sockets, charge contacts and other connectors.
2. Battery pack is designed for easy removal and the label will be visible whenever the batteries are removed. Even when the battery is not completely removed from the device the label is visible.
3. The label will be readily visible at the time of purchase because the device will be delivered without the battery installed.

Sincerely,

Dragoslav Jovanovic
