## **Request for Confidentiality**

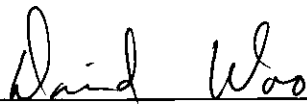

Gentlemen:

In accordance with 0.459 of CFR 47, **Palm Inc.** hereby requests confidentiality of the Exhibit 4 Block Diagrams, Exhibit 5 Circuit Diagrams, Exhibit 10 Parts List and Tune-up Procedure, Exhibit 12 Operational Description attachments for the subject application. The reason for withholding information under Part 6.459 (d) is cited as trade secrets.

These documents contain detailed system and equipment description and related information about the product which **Palm Inc.** considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, **Palm Inc.** considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market. Accordingly, Palm Inc. respectfully requests FCC to withhold these information from being publicly available both during the submission cycle and after Palm Inc.'s receiving the FCC grant for this product.

If there is any question with this request, please contact the undersigned.

Sincerely,
