

# Dayton Industrial Co. Ltd.

---

---

Gentlemen:

This letter is to declare that Dayton Industrial Co. Ltd. would like to revise the transmission frequency range from 2403MHz to 2480 MHz for the product with **FCC. ID:O4GJoule2**

1. No hardware changes have been made,
2. There is no increase in the output power rating on new frequency,
3. The Equipment Class remains the same.
4. Antenna shape and performance are not changed.

Dayton Industrial Co. Ltd. would like to keep the original **FCC. ID:O4GJoule2**

Sincerely,

---
