

Lenovo (Shanghai) Electronics Technology Co., Ltd

September 19, 2024

Attestation

We, Lenovo (Shanghai) Electronics Technology Co., Ltd, attest the followings for our device
FCC ID: O57TB321FU

- a. The equipment only punctures to optimize network performance and never to avoid licensed Incumbents.
- b. If a licensed incumbent is detected, the equipment will either use bandwidth reduction or a complete move of the channel for avoidance.
- c. If a channel is punctured in order to optimize network performance, it will continue to use CBP in the punctured region.
