Subject: Permissive Class II change for FCC ID: O6LTDD-61R

Dear Sir,

The Digital Wireless Video Baby Monitor, Model No.: TTD-61R, TTD-61RS(A), TTD-61RS(B), FCC ID: O6LTDD-61R need to apply for the Class II Permissive Change due to change main chip, Mic. type and circuit and add two models TTD-61RS(A), TTD-61RS(B). We evaluated that the changed would NOT affect the RF characteristics except for the Radiated Spurious Emission test.

The product has conducted the Radiated Spurious Emission test and compliance with the CFR 47 Part 15 Subpart C 15.247 and relative regulations. For more details, please refer to the test report.

If you have any question, please feel free to contact me.

Sincerely Yours,

A handwritten signature in black ink that reads "Rico Deng". The signature is written in a cursive style with a large, looped "D" at the end.
