Subject: Permissive Class II change for FCC ID: O6LTTD-VM2501T

Dear Sir,

The Wireless Video Baby Monitor, Model No.: TTD-VM2502T, FCC ID: O6LTTD-VM2501T needs to apply for the Class II Permissive Change due to market demand and add auto-tracking function into the original IC. We evaluated that the changed would NOT affect the RF characteristics except for the Maximum Output Power test & Radiated Emission test .

The product has conducted Maximum Output Power test & Radiated Emission test and compliance with the CFR 47 Part 15 Subpart C 15.247 and relative regulations. For more details, please refer to the test report.

If you have any question, please feel free to contact me.

Sincerely Yours,

A handwritten signature in blue ink that reads "Jimmy Yang". The signature is written in a cursive, slightly slanted style.
