Re: FCC Declaration Of Conformity for sdm[triax¹⁰⁰ Watch

To whom it may concern:

The NIKE "sdm[triax¹⁰⁰" wristwatch contains a 916.5 MHz receiver. This watch and receiver system has been found to conform to the digital emissions and receivers standards as set forth in CFR 47, FCC part 15, subpart B rules.

The testing was performed by ETC MPB Technologies labs (Ottawa) on October 3, and the test report was completed on October 24, 2000.
