Federal Communications Commission

Re:

FCC ID O78SC280A

Applicant:

Smart Communications LTD

Subject: justification letter for expanded frequency range 136 - 174 MHz

To Whom It May Concern:

You have asked Smart Communications for justification to have the 136-174 MHz freq range appear on the face of the FCC Grant of Certification for a Part 90 Certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

(1) Smart Communications Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands 136-150 MHz, as controlled by the users' FCC station license.

(2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in 136-150 MHz frequency range.

Sincerely,

Sincerely,

Walter "Bud" Simciak

Chief Engineer,

ADRad Communications, Inc.
