**Re: Dismissal Request for FCC ID: O7GFODRA1 (TC500014)**

Dear Commission,

On 9/27/2012 we performed a certification for  
FCC ID: O7GFODRA1 (TC500014)  
This certification was intended for a company called Trex Aviation Corporation.

However it was not realized that the grantee did not pay for their grantee code registration and the grantee code O7G was assigned to another company called Rockrose Technology LLC. Therefore this certification now erroneously appears under Rockrose Technology LLC, who are not the owners of the device certified.

Therefore, we hereby request the dismissal of FCC ID: O7GFODRA1 (TC500014).

Trex Aviation Corporation will apply for another grantee code and the product will be certified again under their name.

Sincerely,  
Yunus Faziloglu  
TCB Manager
