

Sea Air and Land Communications Ltd  
10 Vanadium Place  
Addington, Christchurch 8024  
New Zealand

15 June 2020

**Federal Communications Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia MD 21046**

**Ref: FCC ID: O87-20620150 and O87-20620450 – Internal Photographs**

To Whom It May Concern:

The Ethernet module (U8) is a fundamental component of both VHF and UHF 2062 product and as such Sea Air and Land Communications do not intend to distribute products without this component being fitted.

Internal photographs of the above modules, with the ethernet module (U8) removed, can not be generated since the module is fitted as a component at time of external contract manufacture and its' removal would cause irreparable damage to both assemblies.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Alan Jacks", is written over a circular stamp or seal.
