

American Telecommunications Certification Body Inc.
6731 Whittier Ave, McLean, VA 22101

October 22, 2004

RE: Palmone Inc.

FCC ID: O8FMADECA

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) The 731 form no longer contains DSS and JBP equipment codes. I believe this should contain PCE, JBP, DSS codes. Please verify.
- 2) I do not see how you obtained the powers listed on the 731. Max ERP for 800 MHz appears on page 32 of the report 22.6 dBm (182 mW), contrary to the 22.4 dBm listed on pages 8 and 26. Max EIRP for 1900 MHz appears on page 27 of the report 24.5 dBm (282 mW).
- 3) Your answer regarding simultaneous TX does not appear to agree with plots given in the test report. Please review.
- 4) Please provide theory of operation for the Bluetooth as previously discussed.

A handwritten signature in black ink, appearing to read "Timothy R. Johnson". The signature is fluid and cursive, with a stylized "T" and "R".

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
