**FCC:** Please submit signed letter requesting that this application be deferred. The letter should include the deferral date.

In order to issue a Grant on the deferral date, you must send a reminder E-mail one day before you want the Grant to the following:

Andy Leimer  
aleimer@fcc.gov

Rich Fabina  
rfabina@fcc.gov

If this is not done the application will remain in the Deferred status.

**Handsprint:**

Handsprint requests that the issuance of the Grant, referred to above, be deferred until at least October 15, 2001. Handsprint also requests that the grant NOT be issued, at any time, (October 15 or later), unless the FCC so has received a written request from Handsprint to issue the grant. Handsprint will contact the FCC at least one day in advance of a requested issue date.

This is to prevent inadvertently issuing the grant and posting information on the web prior to our product launch date, should the launch date be postponed.

Thank You.
