FCC ID: **O9C-WL560**

**Class II change filing**

To whom it may concern,

We, **3Com Corporation**, would like to file Class II change for a pre-certified Access Point. There are 2 portions of the circuit have been modified:

1. two additional diodes was added on the pins of the LAN port
2. the core power supply has been changed from linear to switching.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Colin Smith', with a large, stylized flourish at the end.
